Hygiene

Welcome

**Hi, We are the WAVE team from
St Joseph's School Pleasant Point
and we are here to talk about the
hygiene at our school.**

Key

! = They did it

- = They didn't it

Graph

- This graph shows the hygiene habits at our school.**

Year	Soap	Water	Dryer	Total
Y8	!	!	!	3/3
Y8	!	!	-	2/3
Y7	!	!	-	2/3
Y6	!	!	!	3/3
Y2	!	!	!	3/3
Y4	-	-	-	0/3

Bad Hygiene Habits !

- **We monitored, noticed and had comments from other students that many of the students dried their hands with the special needs towel, not with the blow dryer.**
- **Some of the students don't wash, dry or use soap.**
- **We also noticed that the main age group that didn't fulfil the criteria were the year seven and eight students.**

Survey Students

Healthy Hand Washing

- **70% of the students said they washed their hands sometimes.**
- **15% of the students said they washed their hands every time they went to the toilet.**
- **15% of the students said they never wash their hands when they go to the toilet.**

Hand Sanitizer

- **The WAVE team discussed with Mrs Scott who is our WAVE Teacher and our school Principal about getting dispensers and Hand gel in every classroom.**
- **The money comes from the school, board of trustees and fundraising.**
- **Hand sanitizers doesn't replace washing your hands with warm water and soap.**
- **We are also working with the public Health Nurse about proper hygiene practices.**
- **Healthy Fundraising ideas include:
Coin Dip**

Coin Dip

- **We are planning to have a fundraiser to raise money for the hand sanitizer dispensers.**
- **We will use four empty bins and each child will donate a gold coin with their name wrapped around it. WAVE members will pick out a coin from each bin. The winners will win a prize each.**

Worm Farm

- **We use effective hygiene practices by using gloves when we handle the worms.**
- **The WAVE team has a roster to look after the worms each week.**
- **The school supplies the gloves for the WAVE members.**

Brain Storming with yr7 and 8's

**They would
prefer to use
a towel than
a blow drier**

**Like
sensor
dispenser**

**Comments
from year 7
and 8's**

**Get rid of
the blow
driers**

**Need a
towel for
each class
room**

Next Step

- **We will resurvey the students at the end of this term and again at the beginning of term 3 to monitor student habits and compare from first hygiene survey.**
- **We need to discuss cost and process of new sensor dispensers and towel placement.**
- **We will discuss with about the dispensers with WAVE team, teachers and board of trustees.**

We believe we are not the only school that has bad hygiene habits but through WAVE we can improve our health for the future.

**Thank you
for
watching!**
